LRC Creates Hotline For Hurricane Ike Missing Persons

In support of the Galveston County Office of Emergency Management efforts, the Laura Recovery Center activated a hotline for those searching for missing friends and family. The county also teamed with LRC to create flyers of the missing.

As of Oct. 1, LRC had a list of 339 people who are still missing from Hurricane Ike. Since activating the hotline, over 600 people were reported missing during the storm, and more than 314 have been found safe. The center is sharing the information with police who can check addresses to help locate the missing.

LRC extends sincere appreciation to our dedicated volunteers listed below who have helped and continue to help answer the hotline phones and enter cases in the database.
